As a front-end software engineer with over 8 years of experience, I specialise in building 🚀 **high performance**, ♿ **accessible web applications** using the latest technologies. My expertise lies in using **Vue.js** to create **complex, data-driven UIs** that deliver a **seamless user experience across all devices** 💻 📱 . My experience includes working with a wide range of clients and industries. I excel at working within **cross-functional teams** including 👷 designers, 💁 product managers and 🧑‍💻 back-end developers to deliver projects on time and within budget.
